Old Stone Bone

Ruben's colleagues knew nothing of his time traveling adventure

The vibrations were always strongest in the kitchen; one could feel them in other areas of the house—living room, dining room, even the master bedroom—but these weren't nearly as pronounced.

Cups and saucers rattled, pots and pans shimmied, and the floor seemed on the verge of splitting open as if from a devastating earthquake.

Marcy, young trophy wife of Professor Ruben Brownstein, no longer paid them much heed. The vibrations would pass, she knew from experience.

She also knew exactly what the vibrations meant—Ruben had returned from another one of his time traveling expeditions.

Her husband kept the machine in their garage, parking it in the slot once reserved for her cherry-red roadster. Marcy didn't like the arrangement, didn't like parking in the driveway and subjecting her beloved car to the elements, but she had stopped protesting months ago when it became abundantly clear that her pleas were falling on deaf ears.

Ruben had a one-track mind.

The man lived and breathed time travel.

Even his teaching at the university had suffered. Lecturing a bunch of braindead, hungover college students just couldn't compare with going back to 1863 and watching an actual Civil War battle. Ruben had done that several times. And he had the relics—a Kepi hat and a canteen taken from a fallen Union soldier—to prove it. "You're lucky you didn't

get your ass shot off," Marcy had told him after his trip to Vicksburg.

Ruben's colleagues knew nothing of his time traveling adventures; he kept everything hush-hush, knowing full well that Uncle Sam would love to commandeer his contraption for militaristic reasons.

Now the vibrations died, allowing Marcy to resume cooking. She slid a pan of brownies into the oven. This particular batch was laced with grass. Good grass. And plenty of it. One brownie should send her to the moon.

Marcy could hardly wait.

Living with Ruben left much to be desired, especially in the bedroom. The man was never home. And after returning from one of his travels he was always too tired for sex. "Not now, honey," he had said too many times to count. "I had a long day."

Marcy had started to have serious regrets about marrying an egghead academic nearly twice her age. Maybe she had screwed up. Maybe it was time to file for divorce and get her own place. Of course, she would have to get a job. And Marcy didn't like to work. She liked to get high and ride around in her roadster and hang out by the pool. Living with Ruben afforded her such luxuries. Still, she required a good poke at least once a week. Something had to give . . .

The kitchen door swung open. Ruben beckoned her excitedly. "Have I got a surprise for you!" He was nearly out of breath. "Come see . . . come see."

Marcy hoped it was another comic book from the forties. That last one had netted them a fortune. The wealthy buyer had been astounded by the pristine condition of the book. "It looks brand new!" he had told them. "It even smells new!" Because it is, Marcy had thought amusedly. Right off the spinner rack.

She followed her husband into the garage. The time machine looked like some sort of modernized dune buggy sans tires. The cockpit contained two seats. The passenger seat, Marcy realized with much surprise, was occupied. She could hardly believe her eyes.

"Who in the hell is that?"

"That," Ruben said proudly, "is a cavewoman picked up during today's little excursion to the Paleolithic Period. Also known as the Old Stone Age. Not bad, eh?"

Marcy looked at her husband like he had lost his mind. Valuable comic books were one thing. But this—well, this was utter lunacy! And more than a little dangerous. The cavewoman had brought along her spear; its stone tip had been sharpened to a menacing point. No doubt she had wreaked much havoc with the crude weapon, snuffing all manner of Stone Age quarry with the cunning of a coldblooded huntress.

Her weathered face was gaunt and dirty, her hair a wild bird's nest. She was wrapped in a sleeveless, filthy fur and sported a bone in her nose, a small bone which had been shoved through her septum. Nice jewelry, Marcy thought.

Belted to the passenger seat, the cavewoman regarded her strange surroundings with wild-eyed astonishment. "Gggggooooooooaaaaakkkkkkkk!"

Marcy looked at her husband. "What's she saying?"

"I think she's hungry. In fact, I'm sure of it. She was running for her life from a cave bear when I happened upon her. The nasty brute almost got us both."

All Marcy could do was shake her head in disbelief. Her husband really was nuts. Most men spent their leisure time fishing or playing golf. Not Ruben. Oh no. He went back in time and almost got his head ripped off by a prehistoric cave bear.

Ruben smiled at his wife. "Do I smell brownies?"

"You do," Marcy replied.

"Perfect timing. Come on, Marcy. Let's help her in."

"Honey," she addressed her husband, "just what in the hell do you plan on doing with her?"

Now it was Ruben's turn to look at his wife like she was the crazy one. "Study her, of course. What else would I do with a cavewoman?"

In the kitchen Marcy informed her husband that the brownies were of the pot variety. He seemed uninterested as he cut the pan into neat squares. The cavewoman was starving. She ate five brownies to Marcy's two and Ruben's one. She shoved the treats into her gnashing mouth, one after another, grunting and slobbering all the while.

Still, she remained seated at the kitchen table with her hosts, never once trying to get up. Marcy thought she was surprisingly civilized for a cavewoman. Most importantly, she had shown no signs of aggression.

"Well," a stoned Marcy remarked, "you two have fun. It's a beautiful day and I'm going for a swim."

"Enjoy yourself," Ruben said.

"Gooooooooooooooooakkkkkkkk!" said the cavewoman around a mouthful of brownie.

Resplendent in a canary yellow bikini, Marcy lay on a chaise lounge and soaked up the bountiful sun. She had started off with a refreshing dip in the cool water before deciding to work on her tan. She hoped everything was going okay with Ruben and his cavewoman, hoped their Stone Age guest hadn't gone bonkers and wrecked the house or skewered her husband with that awful spear of hers.

Marcy went inside for a cold glass of lemonade. She wrapped herself in a beach towel and padded to the house. No sooner had she opened the sliding glass door than she heard a ruckus emanating from the master bedroom.

Her curiosity piqued, Marcy went to investigate. She received quite a jolt for her efforts, a jolt which all but shattered her blissfully stoned state of mind. The cavewoman, her filthy fur pushed up above her bony hips, was on the bed. She was also in the doggy position, her skinny ass positioned perfectly for a raucous rutting.

The bone in her nose was nothing compared to the one pumping in and out of her Paleolithic pussy. Ruben stood at the foot of the bed, his pants bunched around his shoes, ramming the cavewoman from behind. He was really socking it to her, giving no quarter as he drilled her hairy snatch in studly fashion.

He's never fucked me like that, Marcy lamented. She tried to wrap her head around the mind-bending scene. It was the most surreal thing she had ever witnessed in her life. She thought about the brownies, wondering if maybe the grass had been laced with LSD.

No, she realized. This was no trip. This was all too real. Ruben was hammering the cavewoman. And the cavewoman was loving every minute of it.

"Goooooaaaaaakkkkkkk!" their primitive houseguest bellowed, her dirty face twisted with pleasure as Ruben pounded her poontang with vigorous jabs.

Her husband had said that he wanted to study the cave woman. But this was ridiculous! She wondered which party had initiated the sex. Not that it mattered. Ruben could have declined her advances. He could have shown some self-restraint and pushed her away. After all, he was married.

Marcy was jealous.

And angry.

She eyed the spear leaning against the wall.

A person could do some serious damage with a weapon like that. No, she told herself. You don't want to spend the rest of your life behind bars.

Marcy left them to it. Oblivious of her presence, Ruben and the cavewoman continued to fuck like bunnies.

Returning to the kitchen, Marcy opened the refrigerator and grabbed one of Ruben's beers. She chugged the can. The beer was cold and good. She considered having another, rejected this idea, then went to the garage.

Ruben's time machine radiated heat from its recent journey. Marcy removed her beach towel. The heat felt good on her legs. Marcy had good legs, she knew, tanned and nicely toned. Her husband was a fool. He had a PhD and tenure and he was a fool. A brilliant scientist, his colleagues called him,

but they didn't know their asses from a deck of playing cards. They were fools, too.

Marcy walked around to the pilot's side of the contraption and opened the door. She sat in Ruben's seat and strapped herself in. She made a face. The stench of the filthy cavewoman was strong within the confines of the cockpit. The dirty homewrecker needed a bath. Her philandering husband, Marcy knew, would be more than happy to give her one.

Ruben had given Marcy a brief tutorial on how to operate the time machine, humoring his curious wife who had shown an interest in her husband's work.

Now Marcy recalled every detail of that condescending tutorial. She was a lot smarter than Ruben thought, smarter and bolder and craftier than he could ever imagine.

It wasn't long before the time machine started to spin, round and round, like a top. It spun faster and faster and faster. Marcy felt like she was on a ride at the state fair. Had she been standing in the kitchen she would have felt the familiar vibrations in her feet.

But she wasn't standing in the kitchen. She was sitting in Ruben's machine. And then, after a blinding flash of light, she was hurtling through time . . .

Back to the Paleolithic Period.

She climbed out of the cockpit and surveyed her surroundings. Trees. Rocks. Marsh. She saw a woolly mammoth in the distance. Not a strip mall or fast-food joint in sight. Marcy sat on the nearest boulder and waited. She didn't have to wait long before a caveman came along. A massive specimen, he held a thick club perched atop his shoulder.

Looking hotter than ever in her bikini, Marcy posed seductively. The caveman grunted. She removed her top and shook her tits. He liked what he saw, evidenced by a huge boner pointing at the sky.

"Somebody's happy to see me," Marcy said.

"Goooooaaaaaakkkkkk!" the caveman replied.

She got on the ground, saving him the trouble of clubbing her over the head. The caveman grabbed a handful of her hair and proceeded to drag her to the nearest cave.

Marcy wouldn't have wanted it any other way.

lore

You probably know I'm a no-holes barred kind of girl. Not only am I an exhibitionist, but I'm a bit of a thrill-seeker, too. My biggest thrill, however, is to do photo shoots and videos for someone like you. Okay, I do it for me, too, but to have you watch me having sex is such a turn on that I cannot fully describe. The taste of a hard cock going in my mouth, or into my pussy.

Sometimes I feel that we women don't get a much of a voice about our sexual feelings, especially in a forum that men read. So I'm writing to take advantage of that and address your male readership. During the week I work hard, but Saturday night is my release, emotionally, and sometimes physically. To be honest, when I go out, ninety percent of the time I am not looking to pick someone up. I go out to socialize, to drink and to dance. I absolutely love dancing. Of course, sometimes dancing provocatively gets me attention, and I may come on to guys, let their hands wander a little, and sometimes grab a little myself.

Tonight, I had arranged to meet my friends at a bar downtown. I was early. It was late summer and the temperature was still warm, so I dressed in a skimpy black vest on top, which was very tight fitting and no bra, a short, tight denim skirt and heeled sandals. I was quite tanned from working outside for the last few months, and I thought these colors complimented my skin.

The vest showed my boobs off to perfection. I hadn't always had great boobs, but when I was in my late teens they grew, and while they weren't large, they were very pert for my thirty years. I was known among my friends for having bullet-like nipples I had come out bra less, and my nipples were clearly pushing the fabric out. Sometimes, they were a pain in the ass, but on nights like tonight, they got me lots of attention. By the time I had got in, my friends had messaged me saying they were running about a half an hour late. Same old story.

Anyway, I decided that I might as well make the most of it so I got myself a glass of red wine. I had already had a couple of glasses before leaving my apartment, so even the smell of this third glass was enough to make me feel a little tipsy, and very, very horny. Fuck it I thought to myself. Let me see if I can get some action before my friends get here.

After making my way to the dance floor, I started to move around, instinctively looking around for a guy that I found attractive, and that wasn't occupied. I didn't have time to waste. Within a few minutes I spotted a guy, mid-thirties, Mediterranean looking, most probably Italian or Greek I thought. He seemed to have a good body, wearing a tight white T-shirt, jeans and clean shoes. We made eye contact and I smiled. I love dancing with a guy closely, knowing that inside his pants, he is getting gradually harder and harder because of my actions. After too many minutes, I whispered into his ear. 'I want you, now, in the bathroom.' Without letting him answer, I grabbed his hand and started to pull him towards the ladies room. It wasn't monitored by security because there was far more trouble in and around the men's room.

At first, he was a little worried about going in the ladies room, protesting that people would think he was a pervert, but after I asked him if he wanted to fuck me or not, he complied, holding my hand and slipping into the nearest free stall.

Locking the door behind us, I told him to sit down, and get his cock nice and hard for me. Compliantly, he did as I asked and pulled his jeans and boxers down around his ankles and sat down. He was semi-hard, but as he watched me slip out of my thong, and stuff it in my bag, he instinctively started to rub his cock. He was enjoying the show, so I lifted my skirt, gently rubbing my clit for a few seconds so he could see. His big smile let on that he was enjoying himself.

When I could see that stroking his cock had made him hard enough for me to sit on, I approached him and straddled his lap. By this time, I was dripping wet, and his cock slipped inside me with relative ease. I could feel his muscles twitch as he felt me tighten myself around him. As I lowered myself onto his lap, I put my hands on his shoulders, looked into his eyes, and sat down on his cock.

Within seconds, the reality of his situation had hit him, I felt him pawing at my vest in an attempt to get at my boobs. My nipples were hard, and I knew if he sucked them, it would get me closer to the edge. I maneuvered myself so that he could lift my vest, but rather than sucking my nipples, he just grabbed my tits and held them like he was riding a bike.

After a few minutes of sliding slowly up and down the shaft of his cock, I could tell by his breathing that he was close to cumming. I needed to get closer myself, so I jammed my body down and changed from my previous gentle motion to a harder, grinding forward and backward motion, making sure my clit was pressing hard against his pelvis.

Although the feeling of his hot cream spurting inside me felt fantastic, it didn't quite push me over the edge. With his cock still in me, I quickly started to rub my clitoris while he watched in a daze. Within

I JAMMED MY BODY DOWN AND CHANGED FROM MY PREVIOUS GENTLE MOTION TO A HARDER, GRINDING FORWARD AND BACKWARD MOTION...

a few seconds, I felt the wave of an orgasm start to spread throughout my body. That familiar sense of self satisfaction soon followed.

Removing myself from his cock, I gave this guy whose name I realised I didn't actually know a quick peck on the cheek, and following by a quick clean-up, we opened the stall's door and walked out of the restroom. The night was still young and I decided that I would try and bring him back again later in a few hours time for a repeat performance.

Aubrey Addams is sitting on a light-colored couch with orange-brown armrests. She has long blonde hair in pigtails with yellow flower accessories. She is wearing a white short-sleeved button-down shirt over a black bra with pink trim, a silver pentagram necklace, grey shorts, white socks with black lace, and black high-heeled shoes with bows. She is smiling at the camera.

I was at a house party talking with the owner. I started telling him how I loved to suck cock and I could see he was getting an erection just sitting there. I lowered my voice to a sexy whisper and moved closer to him as he put his hands in his lap to cover his boner. I told him how much I like deep-throating and swallowing cum. I think he came in his pants right there on the sofa. He immediately bolted off to the bathroom, drink in hand covering his crotch. I fucked him when he returned. That was fun!

"I admit that I'm a bit of an anal freak and it's all my boyfriend's fault. Before we got together, one night we got pretty drunk on wine and started making out. Well, that led to us getting it on and after an hour of some heavy petting and great sex, he 'accidentally' slipped it into my butthole. He pulled out not realizing what happened. I asked if he would do that again. He was a little surprised, but he did it for me, he said."
